Skills

- Proficient in C and Python programming languages
- Knowledgeable in Java, Javascript, and HTML programming languages
- Self-Motivated and Focused
- Good Communication and Teamwork
- Open-Minded and Adaptable

Work Experience

The Walt Disney Company / Pageant Helper

June 2019 - Present, 700 W Ball Rd, Anaheim, CA 92806

After going through an audition and interview I was hired into The Walt Disney Company to work as a Pageant Helper at the Disneyland Resort and at Disneyland California Adventure which are both located in Anaheim. I work *very* closely with the characters at Disneyland helping operate shows, interactive dining experiences, and promote the guest experience. Along with this I help backstage with other maintenance tasks like ensuring employees have up to date training and are on time to be out in the park with prepped and show ready uniforms.

The Habit Burger Grill / C1

April 2019 - July 2019, 18405 E Yorba Linda Blvd,, Yorba Linda, CA 92886

When this location opened I was hired to work in the front of the house. This involves everything from taking orders, interacting with customers, checking and serving food, as well as many more tasks, anything one can think of besides preparing food. This was my first very fast paced and high stress environment and I have learned a lot through it. Friday night rushes where I have to serve food, take requests from customers and make shakes all at the same time have done a great job at helping my multi tasking, managing, and people skills.

Yorba Linda Public Library / Volunteer

August 2017 - June 2018, 18181 Imperial Hwy, Yorba Linda, CA 92886

For almost a year I worked as a volunteer at the Yorba Linda Public Library where I helped organize, run, setup, and takedown events for children during the evenings. During this I learned and practiced many management and teamwork skills.

Education

Irvine Valley College

June 2019 - Present, 5500 Irvine Center Dr, Irvine, CA 92618

I am currently enrolled at Irvine Valley College, I have completed courses in C and Python, and currently I am taking a class on C++

Yorba Linda High School

August 2015 - June 2019, 19900 Bastanchury Rd, Yorba Linda, CA 92886
